About the Pro Football Camp

The Pro Football Camp (PFC) was started in 2007 by Albert Elias, Dr. David Elias's brother. Albert was an agent for numerous professional football players. When Albert passed away several years ago, Dr. Elias decided to continue the camp in his honor. Throughout the years, the camp has given so much back to the community, and has become something that area kids look forward to all the year. To date, the PFC Foundation has awarded close to \$25,000 in scholarships to area high school seniors who have attended camp. We have also donated thousands of dollars to athletic programs at Nicholls State University and many high schools in southeast Louisiana.

Areas of Instruction

The Pro Football Camp features training, protocols and ratings to help raise your level of athleticism and raise your game. Participants go through skills coaching, drills and testing and earn actual scores, letting them know how they stack up against other athletes. Professional athletes will team up with trainers, high school coaches, NSU coaches, and medical professionals to deliver an exciting and memorable experience. In addition, there will be position specific drills taught by NFL athletes and area coaches.

Registration

Regular registration will continue until the day of camp. Registration fees are **non-refundable** and are payable to the **Pro Football Camp**. Copy of registrant's valid insurance ID card must accompany completed registration and authorized consent. Registration forms can be mailed to:
